SOCIETY WOMAN DRIVEN FROM SCENE OF STRIKE

Bayonne Police Deport Mrs. Cram,
Armed with Money for Strikers.

(By the International News Service.)
Bayonne, N. J., Oct. 16.—Mrs. J. Sergeant Cram, of New York, member of society and wife of the former public works commissioner, was prevented today from delivering money and advice to the oil plant strikers here. She arrived in her motor car soon after the opening of a mass meeting of strikers from the Standard Oil plants. Chief of Police Michael Kelly warned her it would be dangerous to enter the strike zone.

Mrs. Cram drove to Socialist headquarters. There she obtained for distribution among the strikers 300 copies of a Socialist newspaper containing an editorial criticizing the police.

Police stopped the car as it turned toward the meeting place. They confiscated the papers and advised Mrs. Cram to leave Bayonne. She left, saying she would return tomorrow morning to address the next mass meeting. Nearly 1,000 strikers attended today's meeting.

A plan was presented under which a committee of seven was to be formed and given power to effect a settlement with the Standard Oil plants. The proposal was rejected. A substitute, to appoint a committee without power to act, was carried out.

The strikers rejected all suggestions that they return to work pending negotiations. None of the plants resumed operations today.

TWO NEGROES LYNCHED; MOB CREMATES BODIES

(By the International News Service.)
Paducah, Ky., Oct. 16.—An infuriated mob of more than 500 persons stormed the county jail here shortly after noon today and lynched two negroes within two miles of the city. After the bodies were cut down they were thrown on a burning brush heap and cremated. The lynchings followed a forenoon of terror, during which the mob was practically in control of the city.

One of the negroes, Frank Kinley, was accused of having attacked Mrs. Elta Rose last Friday night. The mob took him to the Rose home, two miles from the city, and she identified him as her assailant. The other negro, Jesse Thornhill, was hanged because he boldly declared that he would have committed the same crime.

In honor of the completion of the alterations Mrs. Brooks has announced an "Opening Appreciation Sale" and has picked out some choice offerings to greet the old and new friends of the establishment.

VIRGINIA MILK DEALERS CO-OPERATE IN BUYING

A co-operative buying organization, such as is proposed by the Maryland and Virginia Milk Producers' Association in connection with their campaign for better milk prices and better milk for the consumer, is already in operation among a small group of Virginia farmers. It was learned today. The organization is the Dairyman's Association of Fairfax and Loudoun counties and has been doing business for the last six months.

A member of the organization, E. L. Robey, of Herndon, Va., was in Washington yesterday afternoon conferring with Judge C. Welliver.

The organization is made up of only fifty or sixty producers. Mr. Robey stated, but even this small number, by co-operating and buying feed and other materials, in carload lots had been able to effect very material savings. Milk cans also have been bought in quantity. It is stated, and a saving of approximately 30 per cent has been made.

TEACHERS EXAMINED.

Forty Applicants for Positions in Night Schools.

Thurston, superintendent of schools; Harry Engle, head of the department of mathematics, and Miss S. E. Simons, head of the department of English in the high schools.

UPHOLDS CURRENCY VALUE.

Executive Order Prevents Losses of Americans.

President Wilson yesterday signed an executive order designed to prevent American importers from suffering loss by reason of the depreciation of currency in the nations engaged in or affected by the European war.

The order provides that consular officers may issue certificates to accompany invoices on goods consigned to this country which will show the extent to which the foreign money has depreciated.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of incandescent material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infect the bowels. From this mass of left-over waste, toxins and poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store and begin practicing internal sanitation. This will cost very little, but is sufficient to make any one an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.—Adv.
